

PRODUCT DATASHEET

Vomit Bag (Emesis) w/SAP by Curas™ 1.5L, ml-Graduated

Brand	:	CURAS®
Category	:	Nursing
Range	:	Medical Consumables
Product Group	:	Vomit Bags
REF	:	03051

PRODUCT DESCRIPTION

Disposable PE vomit bag with PVC-free plastic rim, packed with one sachet of 9g SAP by Curas™ (REF 99905). Also known as emesis bag or sick bag. Large 1.5L capacity, with graduation markings to indicate the approximate volume of content.

INTENDED USE

A vomit bag offers a convenient and simple way to manage vomitus and liquid waste (e.g. emesis) in a discreet and hygienic manner. Pre-loaded with a 9g SAP by Curas™ sachet (REF 99905) to solidify liquids and semi-liquids, preventing splashes and eliminating unpleasant odour.

FEATURES & BENEFITS

- Safe and economical alternative to using traditional emesis basins (e.g. kidney dish).
- Wide opening fits over patient's mouth, eliminating spill-over and reducing clean-up costs.
- SAP by Curas™ crystallizes liquid on contact for safer handling of contaminated waste.
- Each vomit bag contains one sachet of SAP by Curas™ for spill and odour prevention.
- Practical, discreet, easy to use and conveniently manage sickness related to gastrointestinal tract, chemotherapy, motion, food poisoning, etc.
- Hard plastic rim makes it easy to hold and handle, thus reducing risk of contamination.
- Strong and deep bag with 1.5L capacity prevents overflow.
- Printed graduation marks for indication of approximate volume.
- "Twist & lock" feature on the rim secures bag content and contains odour for easy disposal.
- Can be used for other liquid waste collection, limiting contamination through leakage.
- Bag printed with simple, illustrated instructions for use.

PRODUCT SPECIFICATIONS

REF	Capacity	Colour	Packing
03051	1.5 L (~51 oz)	White	Inner Bag

Composition

- Vomit bag made of virgin LDPE.
- Rim made of polypropylene material.
